

LAND INFORMATION MEMORANDUM

LIM REPORT

lims@hcc.govt.nz

Hamilton
City Council
Te kaunihera o Kirikiriroa

Information in a LIM includes:

Building Consents Licenses and Requisitions

- Building Permits/Consents issued on the property.
- Any outstanding works, Code Compliance Certificates for consents issued since 1993.
- If a compliance schedule has been issued for the building and when the related Warrant of Fitness expires.
- Any other notice, order, or requisition affecting the land or any building on the land previously issued by Council.
- The status of the land in relation to the contamination of soil by hazardous substances.
- Whether the property has a licence relating to the sale of food, the sale of liquor or other licence (under Health Act 1956).

Rates

- Current rating valuation.
- Annual rates levy.
- Penalties charged during the year.
- Outstanding amounts for current instalment period.
- Rates arrears.
- Water charges (commercial only).

District Plan information

- Zoning of the property as defined by Operative and/or Proposed District Plans.
- Environmental Protection Overlay.
- Whether the site is listed as a Heritage Item, Heritage Precinct or Archaeological, Historic or Cultural.
- Registered historic and notable trees on the site.
- All Resource Consents approved in relation to property.
- Notified Resource Consents in process at the subject site and adjoining properties.

Public works

- Any proposed public works that may directly affect the property, where it is known.

Drainage/water

- Information on public stormwater and wastewater pipelines on the property as shown on Council's log plans.
- Water toby location.

Special features

- Such as erosion, subsidence, filling, flooding avulsion, falling debris, slippage, alluvion, or inundation and soil report in relation to the property, where Council has such information available.

Information NOT included in a LIM

- For information in relation to State Highways please contact New Zealand Transport Agency.
- Plans for and/or activities for any parks and/or reserves in the vicinity of the property – contact the Parks and Open Spaces Unit on 07 838 6622.
- Hamilton City Council does not hold any information concerning electricity and gas and telephone connections. Information may be obtained from the relevant companies.
- Non-notified Resource Consent applications in process on the subject site.
- Any decisions on adjacent property.

LIM Report

Property Address: 7 Wanaka Place Hamilton

Legal Description: Lot 29 DP S12411

Applicant: Holly Signal

Date of Issue: 9 April 2024

Thank you for your application for a Land Information Memorandum on the above property. This report is a result of a detailed clerical search of Hamilton City Council's records.

Please note, no physical inspections have been carried out in relation to your request. If you require a physical inspection of the property, you will need to obtain the services of a qualified person from the private sector.

The information contained in this report is given without prejudice and is valid at the date of issue only. Hamilton City Council reserves the right to serve requisitions at any time should the need become apparent.

Email: lims2@hcc.govt.nz

PLEASE NOTE:

This Land Information Memorandum has been prepared for the purposes of Section 44A of the Local Government Official Information and Meetings Act 1987 and contains all the relevant information relating to the land held by Council. It is based on a search of Council's property records and there may be other information relating to the land which has not been specifically recorded against this property or known to the researcher. Other organisations may hold information relevant to this property, for example Waikato Regional Council and network utilities companies for electricity, gas and telephone information.

City Waters Information

Public Water & Waste Services:

A water connection is showing as serving the property.

The water supply is logged as being 4.1m from the left hand boundary.

No stormwater connection is shown on the log plan as serving the property.

A wastewater connection is shown on the log plan as serving the property.

A public sanitary sewer pipeline is shown as passing through the property. Conditions will be imposed on any building consent, including the approval of Water and Waste Services, which shows building over or adjacent to the pipeline. Note: No building is permitted to be constructed over a Hamilton City Council manhole or over a connection to the public main. Further, Council has no record of the trench compaction for the public pipeline within the property. It is advised that an investigation of the trench backfill, by a suitably qualified engineer, be undertaken prior to foundation design for any structure over or adjacent to the pipeline.

A sanitary manhole number 046 is shown on the log plan as located on the property.

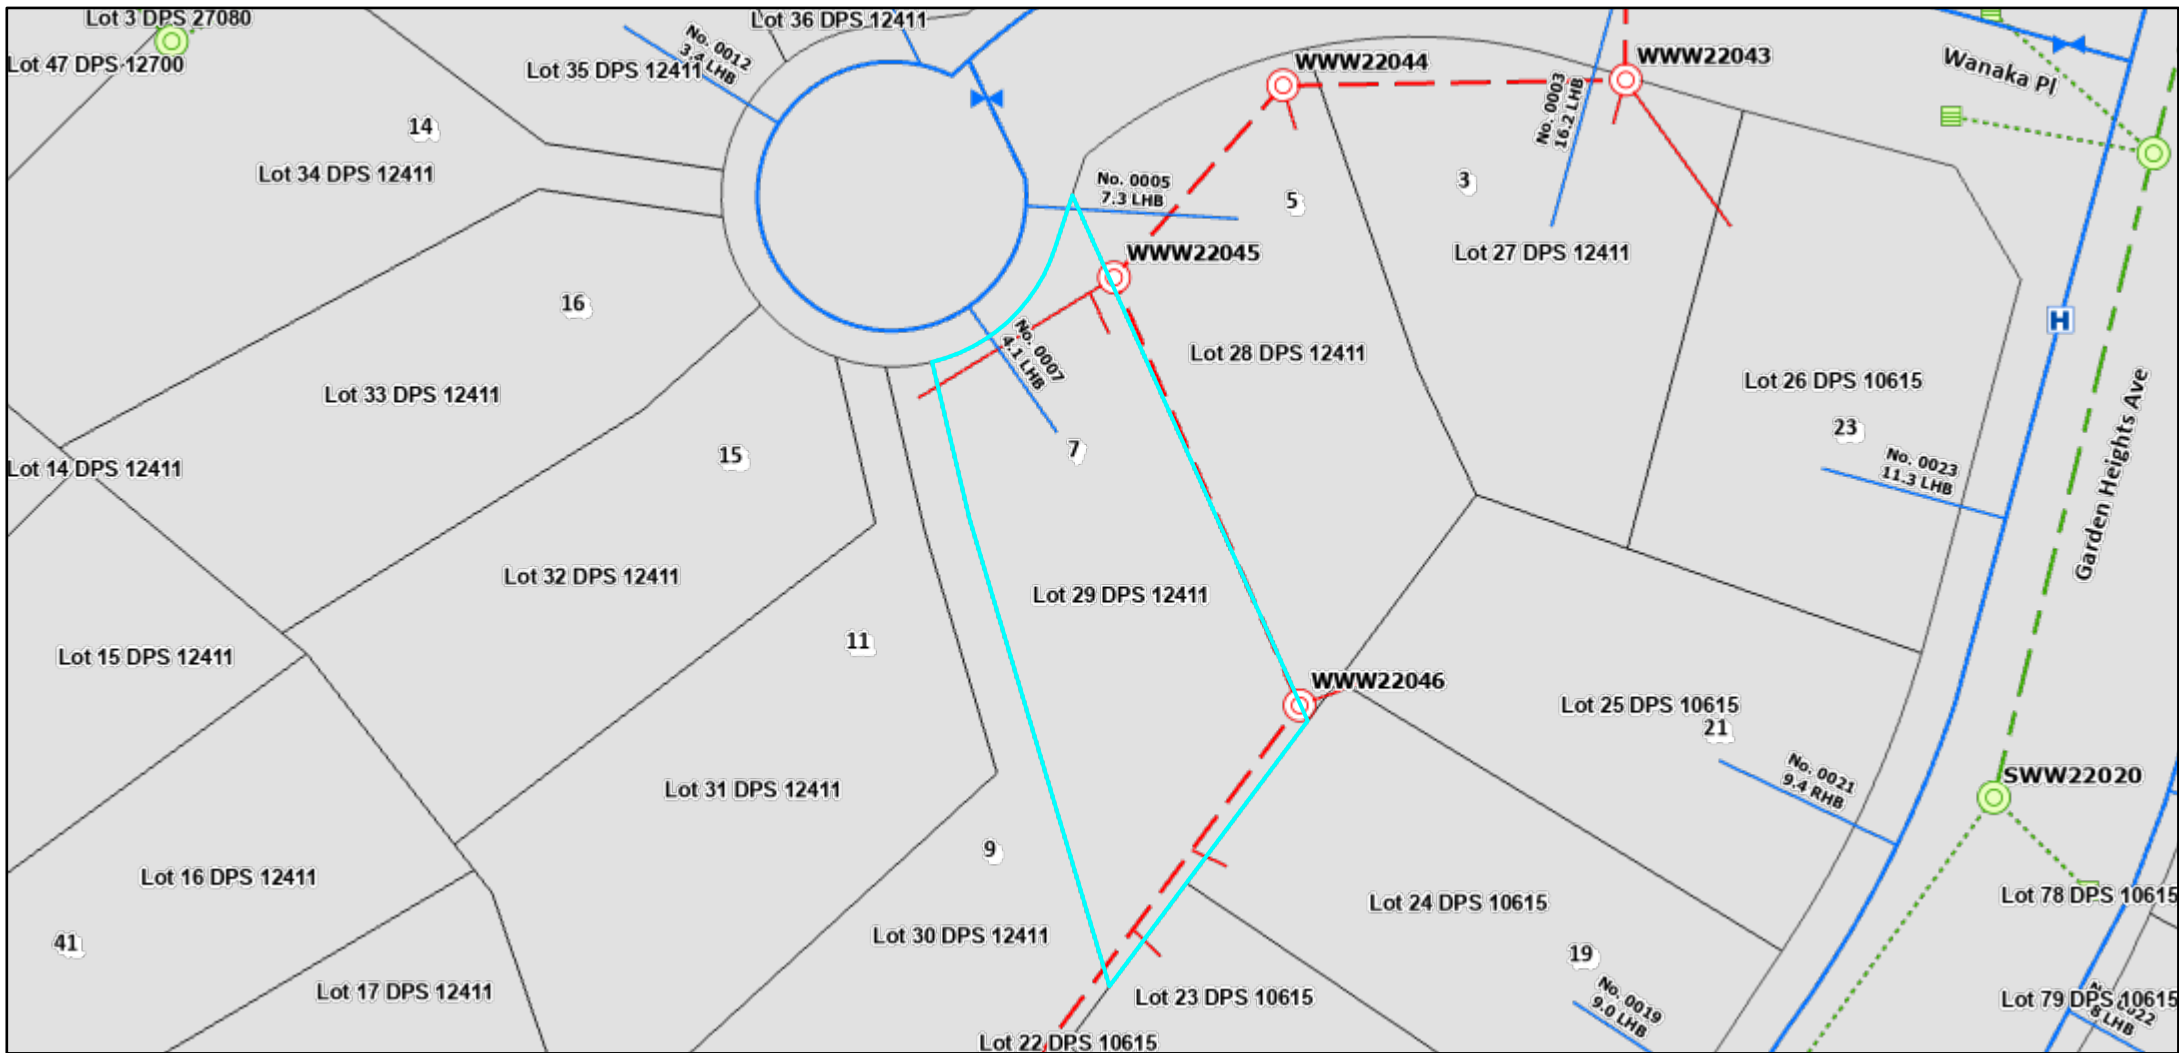

Refuse Collection Day: Thursday

Trade Waste: No information in relation to the discharge of Trade Waste are currently held in respect to this property/business premises.

Inundation/Flooding: Flood data relevant to this property is shown on the map. This flood data is the best available information Council holds for this property at this time.

People with an interest in the property should note the limitations below and obtain independent advice from a suitably qualified professional as to the suitability of the land for their purposes.

Our flood mapping information is updated from time to time and these updates can be found on the Floodviewer tool <http://hamilton.govt.nz/floodviewer>, along with other flood types and rainfall scenarios, full definitions of these flood types, and supporting information.

Flood data relevant to this property is shown on the map. This flood data is the best available information Council holds for this property at this time. People with an interest in the property should note the limitations below and obtain independent advice from a suitably qualified professional as to the suitability of the land for their purposes. Our flood mapping information is updated from time to time and these updates can be found on the Floodviewer tool (hamilton.govt.nz/floodviewer), along with other flood types and rainfall scenarios, full definitions of these flood types, and supporting information. Our flood data is based on models that vary in age and levels of accuracy, which means the current data may have some limitations that affect its suitability for use for building or development design. Properties in an earthworks area may have had changes made to the land after flood modelling was completed, which means the mapped flood hazards and extents may differ from what is shown.

Our flood data is based on models that vary in age and levels of accuracy, which means the current data may have some limitations that affect its suitability for use for building or development design.

Properties in an earthworks area may have had changes made to the land after flood modelling was completed, which means the mapped flood hazards and extents may differ from what is shown.

Prospective purchasers should note the limitations disclosed above and obtain independent advice from a suitably qualified professional as to the suitability of the land for their purposes.

Special Features: None recorded for this property (Information on slips etc)

Please Note: Levels, locations and dimensions of drainage/water works shown on plans may not be accurate, due to circumstances not notified to Council. A physical check should be made on all levels, locations and dimensions before starting design or works.

Building Information

With effect from 31st March 2005 Section 363 of the Building Act 2004 makes it an offence, in respect of any building intended for public use, to use or permit a person to use any part of that building that is affected by building work for which no building consent was obtained, or where a building consent was obtained, but no code compliance certificate was issued.

Building Permits/Drainage Permits on File:

Year	Number	Description	Issued
1975	20874	New Dwelling	6/08/1975
1975	4535	Sewer Drainage to Dwelling	12/11/1975
1975	3807	Plumbing to Dwelling	1975
1989	1308	Carport	7/12/1989

Please Note: Building, Plumbing and Drainage Permits prior to 1993 will not have been issued with a Code Compliance Certificate, as this requirement did not come into effect until 1993.

Building Consents issued by Private Certifier: None recorded for this property.

Building Exemptions on file: None recorded for this property.

Certificate of Acceptance on file: None recorded for this property.

Notices and Requisitions: None recorded for this property.

Information provided to Council under section 362T(2) of the Building Act 2004:

None recorded for this property.

Information held under Section 124 of the Weathertight Homes Resolution Services Act 2006:

None recorded for this property.

General Information: Please refer to letter dated 04/03/1991 Copy attached ☒

Record of Fill: None recorded for this property.

Legal File / Bonds / Encumbrances: None recorded for this property.

Earthquake Risk: None recorded for this property.

Wind Zone: Low.

HAMILTON

COPY

1989/1308

Dear Sir/Madam

RE: LOT 29 - D.P.S.12411

During an inspection of the premises at the above address, we found that the downpipes from the Carport were not connected to a stormwater system.

Regulation 10 of the Plumbing & Drainage Regulations states "that every owner of premises shall provide stormwater drainage to an approved outfall" which in your case would be either to existing or to kerb and channel.

Your co-operation in arranging for the remedial work to be done as soon as possible, and a Drainage Permit uplifted for said work, would be appreciated.

Yours faithfully,
R H HARGOOD
CHIEF BUILDING OFFICER

per:

T C O'LEARY
PLUMBING & DRAINAGE INSPECTOR

Swimming Pool: None recorded for this property.

Building Warrant of Fitness: Not applicable to residential properties.

Important to Note:

In line with Local Government Official Information and Meetings Act 1987 as of October 2015, we no longer included building consent or building/drainage permit plans within the LIM report. If you require more information, please contact Customer Services Centre at Hamilton City Council.

Prior to the Building Act 1991, Council was not required to keep detailed records for building permits issued. As such, limited information is held and, in some cases, we are unable to identify building permits for particular properties.

The information provided in this application is in accordance with Section 44A (2) of the Local Government Official Information and Meetings Act 1987 (LGOIMA). In addition, Hamilton City Council informs the applicant that historic information (limited to basic consent details- no plans held) may, or may not, be contained in the 'Historic Building Register'. These registers have been archived at the Central Library (Garden Place) and are open for inspection in accordance with sec. 15 (1) (a) of the LGOIMA 1987.

If work has been carried out without a building consent:

With the introduction of the Building Act 2004, the service of providing what has been commonly known as "Safe and Sanitary" inspection has been discontinued. There is no longer the ability to make an application to Council for this service.

The Building Act 2004 allows for any person to apply for a "Certificate of Acceptance" for any work that has been completed without a building consent. This is however only applicable to work carried out after the inception of the Building Act 1991 (1 July 1992). A "Certificate of Acceptance" must be applied for on the appropriate form.

For any work completed without a building consent and prior to 1 July 1992 there is no process available through Council for acceptance or qualification of this work. Where such building work is the subject of a condition for a building report in a sale and purchase agreement, then you will need to obtain the services of a qualified person from the private sector.

Council is bound by the Building Act 2004 and has a role to ensure the health and safety of the public with regard to buildings is always maintained. If you are aware of a situation that you believe compromises the health and safety of building users, then you need to refer the matter to Council at the earliest date.

For access to forms and further information, please visit our website: www.buildwaikato.co.nz

Planning Guidance Information

1.0 Status of District Plans:

Status of Hamilton City Operative District Plan

- The Hamilton City District Plan became operative on 18 October 2017.

Where to find the District Plans

To view the Hamilton City District Plan and Planning Maps on line go to
<http://www.hamilton.govt.nz/operativedistrictplan>

Plan Change 12

Plan Change 12 was publicly notified on 19 August 2022 with submissions closing on 30 September 2022. It is anticipated hearings will start early to mid-2024 with changes finalised by December 2024.

Please note this property is affected by Plan Change 12- Enabling Housing.

Key elements of this Plan Change include:

- Changes to zoning, residential densities, and site and building controls across the city.
- Introduction of controls to protect the Waikato River including use of an infrastructure overlay.
- Green policies around permeable surfaces, landscaping, rainwater tanks, stormwater management, and water efficiency fixtures.
- Changes to reflect more transport choice including cycling, walking and public transport.
- Introduction of financial contributions.

Some of the provisions have immediate legal effect. More details can be found at
<https://hamilton.govt.nz/property-rates-and-building/district-plan/plan-changes/plan-change-12/>

For further information please contact the Planning Guidance Unit on 07 838 6699

None recorded for this property

COMMENTS

The District Plan includes Flood Hazard overlays which identify Low, Medium and High Flood Hazard Areas, identified where applicable in Section 2.0 above under Natural Hazard Areas. This is based on flood data available at the time of development of the District Plan (notified to the public December 2012). In some cases, this may differ to that identified in the City Waters section of this LIM report which includes any relevant 'best available' flood data for this property.

Environmental Health Information

Note:- No inspection of the subject business premises/property has been carried out as a result of this application.

Information concerning any consent, certificate, notice, order, or requisition affecting the land or any building on the land previously issued by Council:

No information in relation to consents, certificates, notices, orders or requisitions are currently held in respect of this business premises/property. This does not preclude the possibility of consents, certificates, notices, orders or requisitions being issued in the future.

Likely presence of hazardous contaminants known to Council:

Council holds records of properties where certain hazardous activity and industrial landuses (HAIL) that are considered likely to cause land contamination are known to be occurring, may have occurred, or have occurred in the past.

As at the date of issue of this LIM report Council holds no information for the land that is the subject of this LIM in relation to activities and industries that are considered likely to cause land contamination, or in relation to the likely presence of hazardous contaminants.

Important notes:

The absence of information does not necessarily mean that no hazardous activity or industrial landuse is occurring or has occurred on the land, or the absence of hazardous contaminants on the land, but simply means that no information is currently held by Council.

Council is concerned with human receptors only. You are advised to contact the Waikato Regional Council, who may or may not have further information in relation to HAIL activity and the likely presence of hazardous contaminants for this land, particularly in relation to ecological receptors.

Disclaimer:

Hamilton City Council accepts no liability for any inaccuracy in, or omission from, the information provided above, or for any consequence of that inaccuracy or omission.

Any person who wishes to make any commercial decisions that involves an assessment of whether the site is impacted by hazardous contaminants should make their own enquiries and decisions.

Further information:

More information on hazardous activities and industries that are considered likely to cause land contamination can be found at:- <https://environment.govt.nz/publications/hazardous-activities-and-industries-list-hail/>

City Transportation Information

Road Works:

Council has an ongoing programme of minor road works, and larger projects that can, from time to time, impact on access to properties and amenity. Generally, we will let neighbouring property owners know when we have work planned through a letter drop. If planned roadworks are of interest to you, information can be found as follows:

- Council regularly updates information on events, projects and major works requiring lane or road closures in Hamilton on its website. You can check this information on our 'Week on the street' page at <https://hamilton.govt.nz/your-council/news/on-the-move/week-on-our-streets>
- Council regularly updates information on minor roadworks on its website. These works require lane or road closures in Hamilton. You can check this information on our Minor Roadworks page at <https://hamilton.govt.nz/your-council/news/on-the-move/hamilton-city-minor-roadworks>

Rights Of Way / Shared Access: None recorded for this property.

Vehicle Crossing:

For vehicle access it is necessary that this property is served by a properly formed vehicle crossing. If you are unsure as to the adequacy of the crossing, Please contact us as below. More information can be found at <https://hamilton.govt.nz/do-it-online/apply-for-it/apply-for-a-vehicle-crossing/>

Road Resurfacing:

If the road this property is located on is surfaced with hotmix, the road may be resurfaced with chipseal when the current surfacing material reaches the end of its useful life. The end of its life will be when it no longer provides waterproof cover for the underlying pavement layers.

If you require more information on this, please contact the City Infrastructure Transportation Unit team (07) 838 6699.

Residential properties in Hamilton do not usually pay for water by meter.

If the property changes ownership any rates due should be paid by the lawyer in settlement.

Separate rates are set and invoiced by Waikato Regional Council waikatoregion.govt.nz/rates rates@waikatoregion.govt.nz

TREES AND YOUR POWER SUPPLY

The Waikato is a region of great beauty – fertile pastures, clean rivers and millions of trees. Unfortunately, overgrown and inappropriate trees near power lines are one of the biggest contributors to power outages in our area. Even when trees appear to be well clear of the lines, they still pose a threat to the power supply during storms and strong winds.

WEL Networks, your electricity lines company is dedicated to delivering safe and reliable power to you.

Does this property have trees growing near power lines?

WEL Networks regularly carries out patrols on its lines to identify problem trees. Trees that are encroaching on the power lines are

entitled to one trim carried out by WEL Networks for free*.

This offer pertains to the property, not the property owner. Contact WEL Networks to find out if any trees on this property have already had their free trim as any subsequent trimming or felling of trees is the responsibility of the property owner.

If you are a property owner then you own, and are responsible, for maintaining the lines and equipment on your property. This also includes trees that reach over your property boundary and encroach on either power lines in the roadside reserve, or into neighbouring properties.

* Some conditions apply.

WHO OWNS WHAT?

WEL Networks owns the electricity distribution network throughout the Waikato.

However, we generally don't own the lines from the boundary of your property to your home or business. These are called service lines and they're owned by the property owner. This includes any equipment on your property such as poles, cross arms, insulators and underground cables.

If your service line serves others too, for example if you live down a right of way (R.O.W.), then you share ownership with the other property owners.

If you would like to find out more information about trees on this property and your responsibilities, contact WEL Networks directly on 0800 800 935 or trees@wel.co.nz. The rules surrounding trees

and power lines are covered by the Electricity (Hazards from Trees) Regulations 2003. If you would like to download a copy of the Tree regulations visit our website:

<http://www.wel.co.nz/files/ElectricityHazardsfromTreesRegulations2003.pdf>

Parks and Recreation Information

If you require information on the use of the management, development and current and potential use of parks in the area please contact the Parks and Recreation Unit at parksadmin@hcc.govt.nz

Network Utility Operators

Hamilton City Council does not hold any information concerning electricity, gas or telephone connections. Information may be obtained from the relevant companies.

Please Note:

- Some categories of information are based on records supplied to Council by property owners or developers or trades people. This information may not be accurate.
- Persons intending to make decisions in relation to the property to which this land information relates are urged to take appropriate professional advice including legal, survey, engineering and land use planning advice.
- No inspection of the property has been made for the purpose of this memorandum; it deals only with those matters which it specifically addresses and is not a general warranty of fitness.

Additional Information

If you require further information about the content of the Land Information Memorandum, please contact Hamilton City Council.
