The Body Corporate has a LTMP drafted by Cove Kinloch in 2025 which is reviewed by the Committee and Building Manager each year to plan annual maintenance and set the proposed contingency fund budget (see budget and levy item of the agenda) to fund the LTMP.

#### 16 HEALTH & SAFETY AT WORK ACT 2015

The Health & Safety at Work Act 2015 (HSWA) came in to force in April 2016. The HSWA introduced the concept of a Person Conducting a Business or Undertaking (PCBU) as the principal duty holder. A legal opinion from Price Baker Berridge is that as the Body Corporate will carry out work from time to time which work is considered to be an "undertaking" it is therefore a PCBU.

The Body Corporate has a health & safety report and hazard register for the complex which the Committee/Building Manager review and update to ensure any hazards noted are removed, minimised or highlighted and any new hazards are noted.

We encourage all owners to ensure they have reviewed the Hazard Register and advise any other relevant parties, including tenants of an apartment/unit of these hazards where necessary.

<u>To consider resolving</u>: That the Body Corporate instructs the Committee/Building Manager to monitor, review and update the hazard register for the complex and to attend to any hazards as may be required to either remove, minimise or highlight them to ensure a safe environment for all residents, owners and visitors.

#### 17 BUDGET AND LEVIES

\*the Contingency fund has been opened to cover any expenses not accounted for in the Operating Account or detailed in the Long Term Maintenance Plan, which the Long Term Maintenance Fund has been established to cover. The account will not have a levy due, with a transfer of surplus funds from the Operating Account to be undertaken.

#### The overall budget reflects a 4% increase.

- (ii) <u>To consider resolving</u>: That the body corporate Committee are authorised to instigate a one-off levy, if required, to cover the insurance premium, should there be any shortfall between the previously budgeted figure and actual premium. The levy will be payable 1 October 2025, being the policy renewal date, with the amount to be set by the Committee.

#### 18 DEBT RECOVERY REGIME

<u>To consider resolving</u>: That the Body Corporate reaffirms its previous comprehensive debt collection regime resolution that seeks to recover from owners who do not pay their levies on time, the full costs associated with all aspects of collecting those levies which term includes all other sums due from the owners to the Body Corporate (please see minutes of previous AGM's detailing the Debt Collection Regime which are on the Body Corporate's 'Owner Portal' at www.stratatitle.co.nz).

#### INDEPENDENT ASSURANCE REPORT

#### To the Directors of Strata Title Administration Limited

We have undertaken a limited assurance engagement on the compliance of Strata Title Administration Limited's operation of the Trust Account for the two months ended 31 May 2025.

#### Conclusion

Based on the procedures performed and evidence obtained from the procedures we have performed, nothing has come to our attention that causes us to believe that Strata Title Administration Limited does not comply, in all material respects, with the following criteria for two months ended 31 May 2025

- The funds held for each of the entities under Strata Title Administration Limited umbrella can be identified within the Trust account;
- Receipts and payments are correctly accounted for;
- Appropriation of the funds is property authorised.

#### **Basis for Conclusion**

We conducted our limited assurance engagement in accordance with Standard on Assurance Engagements (SAE) 3100 (Revised) Compliance Engagements issued by the New Zealand Auditing and Assurance Standards Board.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

#### Strata Title Administration Limited's Responsibilities

The Directors are responsible for compliance of Strata Title Administration Limited with the applicable criteria stated above namely transactions correctly accounted for and charged to the correct entities within the Trust Account.

#### Our Independence and Quality Control

We have complied with the relevant ethical requirements of Professional and Ethical Standard 1 (Revised) relating to assurance engagements, which include independence and other requirements founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality, and professional behaviour.

In accordance with the Professional and Ethical Standard 3 (Amended) Forbes Audit and Accounting Limited maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

#### Assurance Practitioner's Responsibilities

Our responsibility is to express a limited assurance conclusion on Strata Title Administration Limited's compliance with the requirement that transactions correctly accounted for and charged to the correct entities within the Trust Account, in all material respects. Strata Title Administration Limited has complied with the correct accounting for transactions to various entities managed within their Trust Account. Our procedures included:

- An assessment of the Reporting Criteria, policies, and principles, with respect to their relevance, completeness, neutrality, and reliability;
- Assess to MRI software, which provides us with access trust account ledger of each of entities and access to archived invoices;
- An assessment of Strata Title's internal system to ensure the controls are adequate to size, business and criteria named above;
- At the corporate level, we have conducted interviews with responsible staff to assess the system of internal controls;
- At the corporate level, we have collected and reviewed supporting documents for the transactions sampled for testing;

Given the circumstances of the engagement, in performing the procedures listed above we: Through discussion, enquiries, and observation, obtained an understanding of Strata Title Administration Limited's compliance framework and internal control environment to meet the applicable criteria stated above namely transactions correctly accounted for and charged to the correct entities within the Trust Account.

Through discussion, enquiries, observation and walk throughs, obtained an understanding of relevant compliance activities that are undertaken to meet the compliance requirements, as required for the operation of the Trust Account.

The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement and consequently the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed. Accordingly, we do not express a reasonable assurance opinion on compliance with the compliance requirements.

Other than in our capacity as the independent assurance practitioners, we have no relationship with, or interests in, Strata Title Administration Limited.

#### **Annual General Meeting 2025**

#### **BODY CORPORATE CHAIR/COMMITTEE REPORT TO OWNERS**

I would like to welcome everybody to the Pinnacle City Residence Annual General Meeting for 2025. For new members to our Body Corporate my name is Matt Monroe, and I have been the BC Chair at the Pinnacle City Residence since October 2021. Over the last year I have personally been incredibly pleased with the great progress we have made as a Body Corporate and the positive way our BC has been managed by Strata Title Administration and Alive Building Solutions (ABS).

A special acknowledgement to Dee Pesendorfer from (ABS), and Tracey Cole from Strata who have worked incredibly hard on maintaining the value in our asset. Their combined approach to a positive and clear form of communication, open coordination with the BC Committee, and the professional support offered to our Body Corporate has made this past year an enjoyable term on the committee.

I would also like to thank all our committee members that over the past year that have provided the support, knowledge, and time required to maintain the best interests of our Body Corporate. It is a clear and extremely positive indication to the wider Body Corporate to see that the majority of the previous committee have been nominated again for this AGM. I would like to thank Melaine Prout and Daniel Madley who are not continuing on the committee for the time invested over the past year as representatives on the Pinnacle City Residence Body Corporate Committee.

#### Postal Voting attendance for the AGM

It is important that we get your attendance at the AGM to make a quorum and the easiest way to achieve this is by postal voting. All the challenging work has been done and there are no unusual resolutions in the agenda.

I would encourage all members to read the AGM Agenda and then send in the postal vote form prior to the AGM. We have a limited amount of space available for members that would like to physically attend the meeting, so I would suggest that if you do not like the sound of my voice then get those postal votes sent in.

#### **Developer Defects**

We are finally getting to the end of the defects list that were part of the original submission to the developer in November 2021.

Notable work conducted this year included the aluminium rubber seals around the white window seismic frames that have been replaced, and work on the upper-level apartment high pressure water supply pumps located in the ground floor car park.

If you are aware of any further issues with the building or notice something that requires our attention then please take a photo to identify it and send to Dee Pesendorfer at dee@abswellington.co.nz so we can get these rectified.

#### **Facebook**

The Pinnacle Facebook page usage continues to be used in an appropriate way. A reminder this is not an official page for the building and that our building facilities manager is not part of the Pinnacle Facebook group. For all building related action please contact. <a href="mailto:dee@abswellington.co.nz">dee@abswellington.co.nz</a> Contact Phone 027 284 4830.

#### **Security Update**

The security camera system is managed and monitored by the Body Corporate with a committee member having the appropriate registration, license, and capacity to investigate any events that may happen around the building.

If residents have a concern about something that has happened in the building, please contact <a href="mailto:dee@abswellington.co.nz">dee@abswellington.co.nz</a> who will formally request this data from the licenced operator. Please note that security camera footage will not be provided to owners or residents, only to the NZ Police when formally requested.

A reminder that security is the responsibility of all residents and owners, please be vigilant and report anything that you believe requires the attention of the building manager.

#### Insurance

Indications suggest a softening in the Wellington building insurance market. With that said insurance is still a significant financial line item to our budget. Our insurer has been provided with all the relevant technical construction data and valuation information that is available to us. We will continue to work behind the scenes to find the best cover available to the Body Corporate.

#### **Committee report**

I am happy to report on behalf of the committee that over the past year we have carried out the powers and duties delegated to the Committee at the 2024 AGM.

It has been a privilege to serve as the Chair and work with the committee of the Pinnacle Body Corporate, and I am certain that the new committee for the 2025-2026 term will continue to work with Strata Title and Alive Building Solutions to ensure that the Pinnacle City Residence remains the well managed investment.

Thank you.

#### **BUILDING MANAGERS REPORT**

AGM - September 2025

#### Dear Owners

The past year allowed the gradual shift of focus from reactive to proactive building management. Newly established and renegotiated service contracts with providers have improved compliance as well as maintenance operations from a cost and efficiency perspective. Please find my report for the past 12 months as per below.

#### SECTION 1 - COMPLIANCE / BWOF / FIRE / H&S

#### **COMPLIANCE**

<u>Apartment Fire Doors</u> – Argus identified some ill-closing apartment doors in March 2025 as part of their Annual Fire Alarm Survey. Elite Services attended in August 2025 to provide the required remedial work. A revisit will be scheduled to capture any apartment fire doors missed by Argus as well as doors that have recently been identified by owners to require attention.

#### **BUILDING WARRANT OF FITNESS**

The building has a current BWOF valid until 12 May 2026. All inspections and maintenance have been carried out for the renewal.

#### **FIRE SYSTEMS**

<u>Compliance Checks</u> - Argus continue to conduct the required scheduled surveys for the BWoF and fire compliance. The below were undertaken in March/April 2025:

- ✓ Annual Fire Survey
- ✓ Quadrennial Sprinkler Valve Annual Testing
- ✓ Sprinkler Flow Switch Annual Testing
- ✓ Bi-annual Diesel Testing (Sep 2025)

<u>Trial Evacuation</u> – The last trial evacuation took place on 8 August 2025 by Safety First. The post evacuation report highlighted that although the evacuation was successfully executed, nobody present placed a call to emergency services.

#### **HEALTH AND SAFETY**

<u>Incidents</u> - 5 June 2025 – Intruder hiding in the downstairs toilet in mail lobby, opportunistic theft. Action taken: Installation of a coded lock on the toilet door to prevent recurrences.

<u>Health & Safety Audit</u> – This audit was completed by Health & Safety NZ Ltd, in Sep 2024. The audit recognised 46 hazards, of which 19 (43%) have been resolved.

The Body Corporate committee established a sub-committee to review the register to provide guidelines to the building manager for items to be actioned.

#### SECTION 2 - BUILDING SYSTEMS (Lifts, Security, Plumbing, Electrical)

#### **LIFTS**

#### **Outages**

West Tower Lifts 1 & 2 - The West Tower lifts were affected by several outages which were due to mechanical faults, consisting of door component failures and timing issues which were remedied by Schindler under the existing maintenance contract.

East Tower Lift 1 - Electronic fault with control display – The display indicated the wrong lift cabin locations and Schindler identified this as a software error which was fixed with a software update.

#### Additional Lift Works

- ✓ East Tower CCTV Camera Installations completed Guild & Spence (Jan 2025)
- √ Adjustment of slack rope all lifts (Aug 2025)
- ✓ Lift call button replacements as required.

#### **PLUMBING**

- ✓ Replacement of faulty float valve (domestic water tank)
- ✓ Backflow preventor replacement Hockly Plumbing replaced the bypass which failed the last inspection.

The new setup includes a bypass for ease of future maintenance and servicing as it will now not require a building wide water shut off (June 2025).

#### **ELECTRICAL**

- ✓ Replacement of bulb in ground floor lobby
- ✓ Stairwell Emergency Light replacements as required.

#### **SECURITY**

Guild & Spence have been contracted to provide maintenance services for both the CCTV system as well as the access control system. This move was

If the unit is owned by more than 1 person, every owner must sign the form.

#### **Notes**

- Your postal vote will not be counted if any body corporate levies, or other amounts that are payable in respect of your unit, are outstanding.
- If a poll is requested, your ownership interest will be counted as part of the poll. If no poll is requested, your postal vote will be counted as 1 vote. You cannot request a poll.
- If at the general meeting of the body corporate the wording of a motion is materially altered, your postal vote in relation to that motion will not be counted. It is the responsibility of the chairperson to decide what constitutes a material alteration. If you are concerned that your postal vote may not be counted as a result of an amendment to a motion, you should consider appointing a proxy to attend and vote at the meeting on your behalf. If a general meeting is adjourned, an electronic vote relating to the meeting remains valid for the purpose of the reconvened meeting, unless the voter who cast the vote attends the reconvened meeting in person or by proxy.
- If a quorum is not present at the general meeting of the body corporate, and regulation 13(1) of the Unit Titles Regulations 2011 does not apply, the meeting will be adjourned until the same day 1 week later and your postal vote will be counted at that meeting.
- If the unit owner is a body corporate or an unincorporated body, the form must be signed by the representative (recorded in the register of unit owners) of the unit owner.
- If the unit is owned by more than 1 person, every owner or his or her authorised representative must sign the form.
